

## General Description

You will **create** wireframes and mockups for a forum page. It might show a list of threads (title, author, replies, last activity), plus a simple “New Topic” form. Each thread page has posts by multiple users. Align with brand from Task 1.

## What the Freelancer Needs / Requirements

- **Design Software**
  - Figma, Sketch, etc.
- **Forum Layout**
  - Thread listing: title, author, number of replies, last post time.
  - Inside a thread: post list with user avatars, text, reply box.
- **Styling**
  - Brand color usage, easy readability.

## Task Description

1. **Task 1**
  - **Wireframe Forum Overview**
    - A list of threads or categories, a “Create New Thread” button.
2. **Task 2**
  - **Thread Page Mockup**
    - Each post in a bubble or card, user avatar, date/time, text.
    - A “Reply” text field at the bottom.
3. **Task 3**
  - **Export & Explanation**
    - Provide final designs.
    - Possibly mention how pinned threads or “like” system might appear.
