

## General Description

You will **create** wireframes and mockups for a calendar-based approach. Users see a weekly or monthly layout, each cell showing classes or times. They can tap/click a class to open a detail card or booking option. Keep brand style from Task 1.

## What the Freelancer Needs / Requirements

- **Design Software**
  - Figma, Sketch, etc.
- **Calendar Layout**
  - Weekly or monthly grid.
  - Possibly color-coded classes (yoga=purple, crossfit=red, etc.).
- **Styling**
  - Align with brand from Task 1.

## Task Description

1. **Task 1**
  - **Wireframe Calendar**
    - Show day/week/month toggles or a single approach, each cell listing class name/time.
2. **Task 2**
  - **High-Fidelity Interaction**
    - If user clicks a class, a pop-up with name, instructor, “Enroll” button.
    - Possibly show repeated classes over multiple days.
3. **Task 3**
  - **Export & Label**
    - Provide final design.
    - Note how advanced filtering or highlight might appear for “Your Booked Classes.”
